Moo- in your 10/1/68 interview with James J. Plaine you refer to one Ralph Conojo.

Would you please ~~change~~ check your notes and see if this is the correct spelling of the name? It is similar to but not identical with one I have in a different context but the same general type of activities.

There is some of this memo that is just too pat, like the bad-shot Oswald, getting the Fair-Play handbill, etc.

I'll check through Archives.
